WATER PRODUCTS

DAVEY dependability built in

Spa Pools are often the focal point of many modern and existing homes. A focal point for entertaining, spa pools offer the lifestyle without compromising on space, and often the aesthetics of the spa pool and it's surrounds are the primary focus.

However, what "powers" the spa is of great importance to ensure your spa offers the dependability and performance you expect of your new investment. Davey offers a complete package of products with "Davey Dependability Built In" – why would you settle for anything less?

Davey spa products are perfectly suited to any design or installation. Modern design elements that are appealing and functional, and spa accessories that turn the average spa into a stunning feature, designed and manufactured so all Davey products are compatible for easy installation and even easier use.

With Davey's complete range of spa products powering your spa, you can be sure that the right equipment is being used for the right purpose, and therefore is absolutely cost effective. Davey offers a full range of spa system controllers & heaters, pumps, blowers, sanitisers, filters and accessories.

With such a comprehensive range, backed by a comprehensive product guarantee from a company that is an Australian owned manufacturer, why would you risk anything else?

DAVEY

for a cosy
spa experience

SpaPower® spa controllers

Customise your relaxation with a Davey SpaPower spa controller. With the ability to fine tune water speeds, blowers and spa lights you can chill out in a spa that's just to your liking. Available in a range of models to suit your needs, Davey SpaPower offers features like easy to program touchpads and in-pool temperature sensors to make the perfect experience simple to realise.

XCelsior® 3-in-1 spa system

For the spa lover that wants more than just bubbles, Davey XCelsior 3-in-1 spa system is a pump, controller and heater in one compact unit. Quick to install, XCelsior is low on energy use yet comes with an intelligent touchpad so you can get temperature, lights, blowers and pump function that is 'just right'. No need to have multiple installations, XCelsior takes care of it all.

QB Series spa booster pumps

Want the latest most powerful Davey spa pump? Then look no further than these super quiet and super efficient QB Series spa booster pumps. Creating strong pressure from your jets, to soothe and relax muscles, the range offers single or two-speed models with various output sizes to ensure your high flow is delivered when and where it is needed. Now even easier to install and operate when combined with a SpaPower® spa controller.

SpaPower® blower

Get more bubbles with less power from the new Davey SpaPower® blower. Available in single speed or variable speed models, the Davey SpaPower® blowers generate more air using less power, so you can simply plug into your existing or new spa to control airflow with the touch of a button. Relax with family and friends and enjoy your ultimate spa pleasure.

EcoSalt™ automatic spa sanitiser

Safe and sparkling salt water all season long at an affordable price. Davey EcoSalt automatically sanitises small to medium sized pools and spas and gives you economical, simple operation in a compact unit. EcoSalt gives you 'set and forget' convenience and the reverse polarity cell makes cleaning quick and easy.

OzoMatic® spa sanitiser

Add clean and fresh to your spa with the Davey OzoMatic spa sanitiser. By combining ozone with the chlorine and bromine in your spa, Davey OzoMatic further reduces any harmful bacteria, reduces your sanitiser costs and is only a few cents a day to run. The perfect combination for crystal clear water is a Davey OzoMatic working with your choice of Davey salt water sanitiser.
